RHODODENDRONS

BRYDON'S

DEAR FELLOW GARDENER:

Because of many requests received, I have combined my catalogue with a booklet which contains complete cultural directions on Rhododendrons. It has 16 large pages, 8 illustrated in color, with descriptions of over 130 varieties. Please enclose 25c in coin for handling and postage. This amount may be deducted from your first order.

Yours very sincerely,

P. H. Brydon
